Notice of Adelphia Gateway Project in FERC Docket No. CP18-46-000

On January 12, 2018, Adelphia Gateway, LLC ("Adelphia") filed with the Federal Energy Regulatory Commission ("Commission" or "FERC") an Abbreviated Application for Certificates of Public Convenience and Necessity and Related Authorizations ("Application") authorizing the acquisition, construction, and operation of certain pipeline facilities located in Pennsylvania and Delaware ("Project"), as shown on the map. Specifically, the Application requested authorization to (i) acquire an existing 84-mile, 18-inch-diameter mainline and 4.5-mile, 20-inch-diameter mainline gas pipeline, and existing appurtenant and auxiliary facilities, all of which are currently owned and operated in non-FERC jurisdictional service by Interstate Energy Company, LLC ("IEC"); (ii) convert a portion of these existing facilities from oil-only or dual oil and gas intrastate transportation service to solely natural gas transportation service; and (iii) construct additional new facilities including two compressor stations totaling 11,250 horsepower, two pipeline laterals totaling approximately 4.75-miles extending from the planned Marcus Hook Compressor Station to interconnections in Chester, Delaware County, Pennsylvania and Claymont, New Castle County, Delaware, and various meter and regulatory facilities. Additionally, Adelphia requests: (i) a blanket certificate pursuant to Part 157, Subpart F and a blanket certificate pursuant to Part 284, Subpart G of the Commission's regulations; (ii) approval of its proposed pro forma tariff and certain non-conforming provisions in its firm service agreements with existing shippers on the IEC system; and (iii) any such other authorizations and waivers as may be necessary from the Commission to allow Adelphia to undertake the activities described in its Application. Adelphia has requested that FERC issue authorization for the Project on or before August 1, 2018, to allow Adelphia to commence operating a portion of the Project facilities immediately thereafter, and place the remainder of the facilities in service by April 1, 2019, as further described in the Application.

The Commission assigned Adelphia's Application the following docket number: Docket No. CP18-46-000. Adelphia's Application begins a formal review process conducted by the Commission. The Commission has published a pamphlet, "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" which explains FERC's approval process, your rights as an affected landowner, and how you can participate in the FERC proceeding. This pamphlet is available on the Commission's web site at <http://www.ferc.gov/resources/guides/gas/gas.pdf>. If you have more questions about your rights at FERC, please refer to the pamphlet referenced above, visit FERC's Internet website at <http://www.ferc.gov>, or contact FERC's Office of External Affairs toll-free at (866) 208-3372, by fax at (202) 208-2106, or by email at customer@ferc.gov.

Adelphia Gateway, LLC is a Delaware limited liability company and has its place of business at 1415 Wyckoff Road, Wall, New Jersey, 07719. Adelphia is wholly owned by NJR Pipeline Company, a subsidiary of New Jersey Resources Corporation.

Additional information describing the Project can be found in the Application, which is available for public viewing at the following locations:

Bucks County Free Library
150 S Pine St, Doylestown, PA 18901

Montgomery County-Norristown Public Library
Central Library
1001 Powell St, Norristown, PA 19401

Newark Free Library
750 Library Ave, Newark, DE 19711

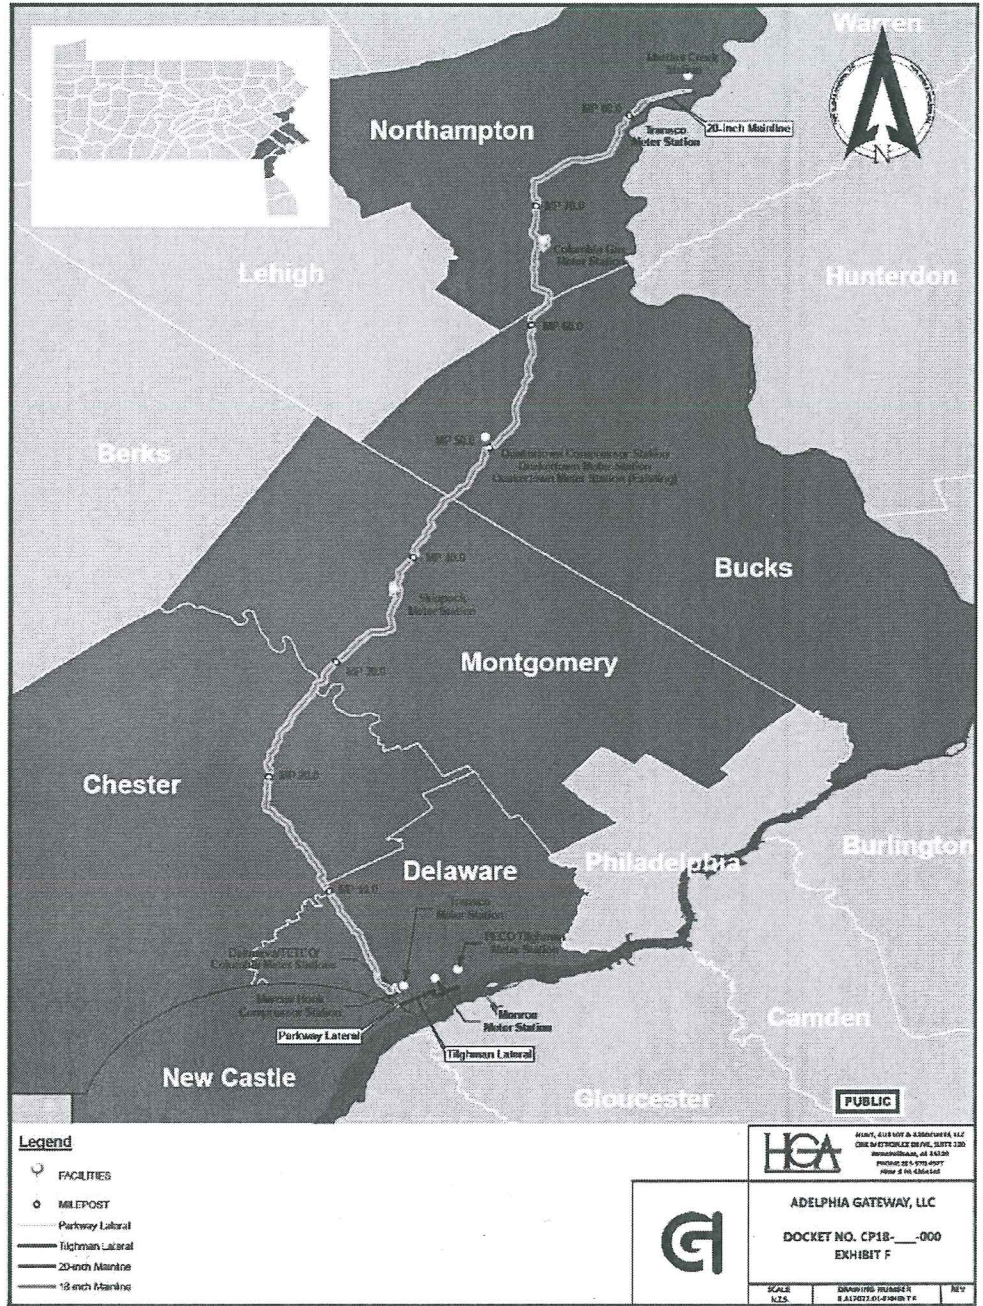

J. Lewis Crozer Library Central Library
620 Engle St, Chester, PA 19013

Paoli Library
18 Darby Rd, Paoli, PA 19301

Hellertown Area Library Central Library
409 Constitution Ave, Hellertown, PA 18055

The Application is also available for review at the Commission in the Public Reference Room, or may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the Application. For assistance using FERC's eLibrary website, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659. The Application can also be obtained from Adelphia on request by contacting Adelphia at the address or telephone number below. A separate copy of the Commission's notice of the Application will be mailed to landowners and government entities.

Should you have any questions concerning this proposed project, please do not hesitate to contact Ivana Wolfe, by phone at (800) 483-3179, by mail at Adelphia Gateway, LLC, 1415 Wyckoff Road, Wall, New Jersey 07719, or by e-mail at info@adelphiagateway.com.
