

Will,

Nice meeting you today. Please find the diagrams attached including:

- Floorplan
- Topo Survey w Grid
- Topo Survey w enhanced colors on slopes
- Topo with hand diagramed plan for addition

The Plan:

We are proposing to expand our garage and build an in-law suite for my parents off the back of the garage where we have space on our property at 1078 Powderhorn Drive, Glen Mills PA 19342.

We have completed the Topographical survey which also details the setbacks and slopes, and would like the Board to review and advise on our plan before we proceed with the next steps to submit our formal application for this project.

Please let me know if any additional information is needed in order to get on the schedule for the Board to do a review with us.

Thanks,

Mike DiBartolomeo
1078 Powderhorn Dr
Glen Mills, PA 19342
