DEP to host virtual public hearing on Transco Regional Energy Access Expansion Project

On October 5th, DEP will be holding a virtual hearing on the proposed Transco Natural Gas Pipeline Regional Energy Access Expansion Project. In Chester County it proposes modifications to the Compressor Station 200, located in East Whiteland Township, but includes work in a total of seven counties, including Delaware,

Chester, York, Bucks, Northampton, Monroe, and Luzerne Counties. [View DEP Project Sheet](#) ►

PHMSA Issues Final Rule strengthening gas transmission pipeline safety

The U.S. Department of Transportation's Pipeline and Hazardous Materials Safety Administration (PHMSA) transmitted a final rule to the Federal Register that will strengthen the safety and environmental protection on more than 300,000 miles of onshore gas transmission pipelines throughout the United States. The final rule, based in part on recommendations from the National Transportation Safety Board, establishes new standards for identifying threats, potential failures, and worst-case scenarios from an initial failure through conclusion of an incident.

Enterprise Products Line Purge

Enterprise Products will be purging their 8" pipeline across an approximate 50-mile span, from Marcus Hook to Sinking Springs, PA, with nitrogen. This work will take place during the week of April 18, 2022 and will leave the pipeline emptied of product and filled with low pressure nitrogen gas. The operator expects to refill the line and move product in the future, but a date has not yet been determined.

Adelphia Gateway Aerial Monitoring to Take Place

This week, a letter, dated February 15, 2022, was sent to residents along the Adelphia Gateway project right-of-way, indicating that inspection will work be performed on the pipeline over the next few weeks, as part of the pipeline's conversion to transport natural gas. Residents in Chester County may notice a helicopter flying at lower altitudes to provide an aerial inspection to the pipeline right-of-way. Should you have questions, you can call 800-483-3179.
